Vinyl Furniture

## DIMENSIONS

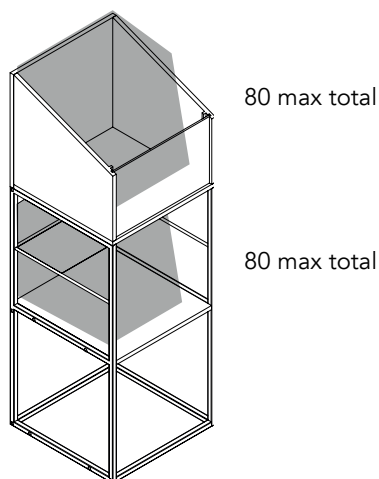

## DESCRIPTION

The Vinyl LP Stand is an elegant and compact storage unit designed to showcase your vinyl collection.

Its black metal and natural bamboo structure houses two compartments, each holding around 80 discs: an upper storage area resembling a record shop, with a glass front and a display system for showcasing album covers, and a more traditional vertical storage area below.

Practical, sturdy and attractive, it combines minimalist design and functionality to enhance your vinyl collection every day.
