## Multi-room Audio.

MusicCast takes the headache out of multi-room audio. Simply connect all MusicCast devices to the same network and start sharing audio throughout the home.

Take MusicCast for a test drive by downloading the free MusicCast app and using its demo mode.

## Let's talk.

"Alexa, ask MusicCast to play Favourite 1 in the kitchen."

With Alexa voice control integration, all you have to do is ask. The MusicCast 20 offers full compatibility with Amazon's range of voice control devices.

Welcome to the smart home.

\*Availability of voice command control via Amazon Alexa varies by region.

## Say goodbye to speaker wires!

Good sound should never tie you down. The MusicCast 20 lets you connect the way you want to – wirelessly. Whether via Bluetooth® or over Wi-Fi with AirPlay®, the wireless connection makes it quick and easy to get the party started.

And for all those home theatre buffs out there, the MusicCast 20 can be used at the back of the room, replacing the need for surround sound speakers.

Connecting wirelessly to a MusicCast AV receiver\* means no more having to run speaker cable around the room.
